**Data derived from:-**

**Q.A** Some people have said they would not vote in a new General Election, while others have said they would vote. How certain is it that you would actually vote in a general election if it were to be held tomorrow? On a ten point scale where 10 means you would be absolutely certain to vote and 1 means you would be certain not to vote how likely is it that you would cast your vote?

**Q.B** The Conservatives, Labour, the Liberal Democrats, UKIP, and other parties would fight a new General Election in your area.

If there were a General Election tomorrow which party do you think you would vote for?

Data excludes those who definitely will not vote (4%), don't know who they would vote for (15%) or refuse to answer (1%)
